

The Men's Project has closed its doors to Clinical Services;
However, those doors have opened at **Men & Healing** - with the
same programs and therapists...and some new services as well!

Dear Friends & Colleagues:

Since the provincial withdrawal of funding for *The Men's Project* this past fall all clients have been transferred to ***Men & Healing: Psychotherapy for Men*** – a new Ottawa-based collaborative practice on issues of men's mental health.

Men & Healing currently offers the following services:

(including of course, our award-winning flagship treatment program for male survivors)

- **Individual Psychotherapy**
- **Anger Management** – Individual & Group Programming
- **Men & Healing Phase 1 & 2** – Individual and Group Programming
- **Emotional Intelligence** - Group Programming
- **Ottawa Mission & John Howard Society** - Collaborative Programming

We have appreciated the amazing community support for The Men's Project over the years, and hope you will utilize our services at Men & Healing. We are happy to provide organizations with both in-house presentations, and/or written material of our services. If you are providing individual services to men, give us a call if one of our group programs may be a useful complement for your client care.

NEW! National Online Service Engagement for Male Survivors:

Our Men & Healing trauma recovery program is going virtual – we will be announcing our national online psycho-educational platform for male survivors seeking recovery! We look forward to partnering with mental health professionals to deliver this service in April 2016.

Canada-Wide Training Services:

This widely-utilized resource of 1in6 Canada is now operating under the Men & Healing umbrella. See www.menandhealing.ca for our training programs as well as community initiatives on issues of trauma and recovery.

Our training work in the United States continues to be offered in collaboration with 1in6 Inc. You can see their work at www.1in6.org.

Men & Healing Products & Services:

From *1 Blue String Kits* to *Boys and Men Healing* DVDs, not to mention the

guidebook *Men & Healing* as well as the upcoming treatment manual *Foundations* and more – all can be found (soon!) in the store at www.menandhealing.ca.

The Future of the Men's Project/1in6 Canada:

These decisions rest with the Board of Directors. If you need to contact the Board of *The Men's Project/1in6 Canada*, you can do so at: www.themensproject.ca.

Give Us a Shout:

I am very happy to renew collaborations, discuss new service partnerships and service innovation both in Ottawa as well as nationally. I look forward to chatting with you.

Best, Rick
